

## Our Drive for success...

We extend our personal invitation to participate and support our annual Fund Raiser and Golf Outing. This event is the leading fundraiser for the Athletic Booster Club which strives to enhance the athletic experience for our student athletes at NCHS. Come join the fun!

## Benefits to NCHS Athletics

Enjoy an afternoon of Golf and an evening of entertainment while supporting all the athletic teams of Naperville Central High School. We begin the program with 18 holes of golf with each foursome being paired with a NCHS coach on the beautiful courses at The Links of Carillon. Following the round of golf, prepare yourself for a Texas Style Barbeque and evening of entertainment with silent and live auctions, raffles and prizes. We will also recognize key individuals that help make our program a success.

The Booster Club works in coordination with the Athletic Department to provide equipment and resources to the NCHS sports program enhancing the experience of our Redhawk Athletes. Recent booster donations went to acquire Red/White Record display boards for all sports, new uniforms for Boys Basketball and Baseball, training jackets and pants for both Gymnastics teams, underwater video system for Boys/Girls Swim teams, pace clocks for both Boys/Girls Swim teams, umbrellas for Boys Golf, roll-up rubber runway and pole vault standards for Track & Field, portable coolers and cart for the Training Room, funds toward IHSA Broadcasting Program and other valuable resources our NCHS Athletes require.

## Mission Statement

The purpose of the NCHS Athletic Booster Club is to enhance the athletic experience for all student athletes at Naperville Central High School. We support athletic and general activities through our fundraising and volunteer efforts. We partner with the NCHS Athletic Department to promote the healthy development of the students that participate in athletics by encouraging participation and good sportsmanship.
